

Some Advice on How to Judge Mining Stocks NOT ALL GOLD BRICKS

The average investor in the stock of a mining company, whether its products are of the precious metals or of lead or coal, seldom takes the trouble to ascertain just what work has been done...

Thousands of such examinations have been conducted by banking and bond houses throughout the country, and have resulted in refusals to issue bonds...

As a matter of fact, the appearance of a mining bond ought to satisfy the prospective investor that a large amount of money has been spent beforehand...

When a bond selling house undertakes to connect its name with a bond issue in a coal company, for instance, it expects its chief profit to consist of commissions...

It would seem that an elephant would be about the last thing in the world a man would be able to steal. Yet in Siam...
